GEOG 10100 – People and Their Environment: An Introduction to Geography

Fall 2019 GEOG 10100-Section 01 Code 4319

Instructor: Anthony F. Grande Email: agrande@hunter.cuny.edu
Office: Room 1032 North Building
Telephone: (212) 772-5265 or (212) 772-5266
Mailbox: Geography Dept., Room 1006 North Bldg.
Office Hours: In Room 1032HN: Mondays/Thursdays 11:30 AM-12:45 PM; also, by appointment.
Classroom: Room 415 West Bldg.

ATLAS: It is strongly recommended that students should have access to a world atlas that includes thematic maps. “Rand McNally Goode’s World Atlas” is preferred but National Geographic’s College Atlas of the World is also good.

HOME PAGE: http://www.geo.hunter.cuny.edu/courses/cwpages.html

GEOG 10100 is an introduction to the field of geography. This course will present the fundamental concepts of geography and show how these concepts are applied to our everyday lives. Geography is both a physical and social science. GEOG 10100 is a topical course highlighting the major subfields in geography. Examples from all over the world are used to illustrate concepts and processes.

The course is divided into three sections. Part I covers basic geographic concepts and the techniques used by geographers to study the earth as a home for people and portray spatial information. Part II focuses on the earth’s natural landscape: lithosphere, atmosphere, biosphere, and the processes behind them. Part III looks at the earth from a people point of view – how they interact with elements of earth environment, make settlement decisions, use what is available to them - and in the process, create a cultural landscape: the human imprint on the landscape.

Learning Outcomes
By the end of the course you will be able to define and describe:
1. The field and scope of geography, and identify its major subfields.
2. Its chief concepts, esp. location, place, movement, region and interaction.
3. Natural earth processes and how aspects of land, air and water affect people.
4. Human-environment interaction and recognize it around us (social, economic, political).
5. Tools used for geographic data collection and presentation.
6. Maps, including their parts and presentation (i.e. map reading).
7. Types of mapped information and understand how it is communicated and perceived.
8. The geographic point of view and apply it to local, regional and world situations.
9. Location analysis, employing geographic tools to do so (critical thinking).
10. Develop the skills to read and write critically about the subject.
1. Grading: Exam 1 = 30% of your grade
Exam 2 = 30% of your grade
Exam 3 (the final) = 30% of your grade
Required essays = 10% of your grade (5% each; see No. 2 below)
Optional extra credit = can only increase your grade, not reduce it.

2. Exams.
*The exam format is multiple choice questions, some aimed at a map or diagram.
*Exams are not cumulative. Each exam will focus on the lecture topics covered in that third of the course. Tentative dates are noted on the calendar. Actual date for each exam will be given at least a week in advance.
*All exams must be taken. If you miss any exam, an essay-style make-up will replace it.
*There will be no re-take exams. You have one chance to do well on each exam.
*Electronic devices are not allowed during exams. Dictionaries, electronic translators, tablets, laptops, smart phones and headsets/ear buds may not be used.

3. Required Essays.
*Both required essays must be submitted for grading. Missed essay(s) will earn 0 points and be included as such in your term average.
*They are due no later than Thursday, Nov. 14, 2019 but they may be handed in at any time prior to the due date. A lateness penalty as stated below will be assessed.
*Just TWO essays from the following three topics are to be submitted:
   a. From Chapter 1, you will discuss the contribution to the field of geography or to our knowledge of the world of a noted modern-era geographer, earth scientist, researcher or explorer not mentioned in class or in the textbook who was born after 1750. Focus on the person’s contribution, not the biography and don’t refer to the person by his/her first name - as “Christopher discovered America in 1492.” Consult the “Geography” and “Geographers” entry of any encyclopedia.
   b. From Chapter 2, you will discuss the relationship of climate change to ONE of the following current events topics: (1) the spread of disease OR (2) the occurrence of severe weather phenomena OR (3) the global food supply. Be specific discussing the example you select. Document facts and opinions of others.
   c. From Chapter 3, you will discuss any ONE natural process and how it is now deemed a natural hazard by governmental agencies and insurance companies. Focus on “people interacting with nature.”

Each essay must be typed and have a minimum length of one full page, not counting the restated question and bibliography (1.5 line spacing with 1” margins). Maximum length is two pages of text. Maps and illustrations are additional pages. The bibliography must have at least two sources (not including Wikipedia) to document your information. Footnotes may be added as needed. Short and long essays will be returned ungraded, as will hand-written essays. Essays handed in late will be penalized with a grade reduction.

4. Extra Credit. There are several ways to earn extra credit. You may attempt all. Extra credit work is optional. It can only increase your grade, not reduce it.
   a) Atlas Exercises. In each part of the course, prior to the exam, there will be an atlas exercise for extra credit on topics relevant to the exam coverage. Each extra credit exercise is found on the course homepage. Each exercise is due no later than the printed date. Points will be added to that exam grade according to the following formula:

\[
\begin{align*}
100-90\% \text{ correct} & = 8 \text{ extra credit points} \\
89-80\% \text{ correct} & = 6 \text{ extra credit points} \\
79-70\% \text{ correct} & = 4 \text{ extra credit points} \\
69-60\% \text{ correct} & = 2 \text{ extra credit points} \\
59-50\% \text{ correct} & = 1 \text{ extra credit point} \\
49-0\% \text{ correct or not submitted} & = 0 \text{ extra credit points}
\end{align*}
\]
Blue Scantron sheets for the atlas extra credit exercise answers will be distributed in class. NO Scantron sheet (or other form of answer sheet) will be accepted after the stated due date, no matter how valid your reason.

b) Geographic Essays. You have the option to submit for extra credit a maximum of five analytical essays from the “Thinking Geographically” (TG) section at the end of chapters 4-12. Only one discussion point may be selected from each TG box for the chapter selected.

➢ IMPORTANT: This is NOT the “REVIEW & DISCUSSION” section at the end of the chapter.
➢ NOTE: You may substitute a third essay from Section 2 above for one TG essay.
  ✓ Each essay must be typed and have a minimum length of one full page not counting the restated question and bibliography (1.5 line spacing with 1” margins). Maximum length is two pages. In the first sentence of each essay, you are to note the textbook edition and the chapter number and summarize the point being discussed. Document facts and opinions of others with bibliographical and footnote entries.
  ✓ At the end of the semester, each essay deemed “Good for Extra Credit” will earn you one percentage point over and above your final term average of test scores with a maximum of 5 percentage points added to your final term average. For example, if you hand in four acceptable essays, you will increase your final average by 4 points; if you hand in 2 essays you will increase your final average by 2 points.
  ✓ Extra credit essays may be handed in at any time before the Dec. 12, 2019 deadline.
  ✓ It is best to write and submit an essay after you have read the chapter, rather than waiting for the last week of the semester to do prepare them.

c) Other Forms of Extra Credit.
  ✓ A discussion paper, research paper or project of your choice may be used if approved in advance by Prof. Grande.
  ✓ Depending on the presentation of the topic, this extra credit option may add from 1-5 points to your final term average.

NOTE: Proposals are due no later than Nov. 14, 2019 and the work is due by Dec. 12, 2019.

No Extra Credit will be accepted after Dec. 12, 2019.
None will be accepted on the day of the final exam.

PLEASE NOTE YOUR RESPONSIBILITIES:

a. You are responsible for the content of all the lectures, reading assignments and class handouts. Assignments and handouts are distributed via the course home page on the Geography Dept’s web site (http://www.geo.hunter.cuny.edu/courses/cwpages.html) and in class, NOT ON BLACKBOARD. The textbook has a glossary of important terms and concepts. Each chapter has a list of key terms.

b. Hunter College-CUNY rules and regulations are strictly enforced including those governing the grades CR/NC, INC, and WU. Consult college/university web pages for specifics.

c. Attendance is important. Historically, there has been a direct correlation between poor attendance and poor grades. The readings supplement lectures. Some lecture topics are not found in the textbook.

d. All exams must be taken and required assignments submitted. Failure to do so by the end of the semester will result in a reduced grade unless arrangements are made with me in advance. Then an IN (incomplete) grade may be given. Late written presentations will be penalized. Do not schedule your travel plans to begin before the date of the final exam! See calendar below.

e. Extra credit assignments are optional. Your final grade will not be adversely affected if you choose not to do them. The deadlines associated with them are firm. Late submissions will not be graded.

f. Approval is required prior to beginning any extra credit research project. The topic of your extra credit research or discussion paper must be approved in advance to make sure the topic
is manageable. **Any student planning to do the research or discussion paper extra credit option must submit in writing a proposal with a justification** showing your interest in the topic proposed and an outline of major points to be covered. It is important that your proposal be narrow in scope and focused on a topic.

g. **Lateness penalty.** There will be a penalty for lateness of required assignments with specific due dates. This will reduce the grade earned by either 5 points or one +/- letter grade.

h. **Neatness counts.** All graded work must be organized, typed, printed and presented neatly. On exams, if I cannot read your writing, it is wrong. Consult the Hunter College Reading and Writing Center for citation and bibliographic formats and for free writing tips (http://www.hunter.cuny.edu/rwc).

i. **Academic Dishonesty.** Cheating and plagiarism are grounds for failure and disciplinary action by the College. Hunter College regards acts of academic dishonesty (e.g., plagiarism, cheating on examinations, obtaining unfair advantage, and falsification of records and official documents) as serious offenses against the values of intellectual honesty. The College is committed to enforcing the CUNY Policy on Academic Integrity and will pursue cases of academic dishonesty according to the Hunter College Academic Integrity Procedures. The Internet is a resource for information, NOT a source of verbatim script. Every person has a unique writing style and use of grammar. It is so obvious! **Do not cut and paste text found at an Internet web site into your write-ups, research paper or project without proper citation.** Any assignment may be randomly scanned by a search engine seeking key words. Plagiarism comes with an automatic failure for the assignment and referral to the Dean of Students for appropriate action. **Don’t do it!**

j. **Office of AccessABILITY.** In compliance with the American Disability Act of 1990 (ADA) and with Section 504 of the Rehabilitation Act of 1973, Hunter College is committed to ensuring educational parity and accommodations for all students with documented disabilities and/or medical conditions. It is recommended that all students with documented disabilities (emotional, medical, physical and/or learning) consult the Office of AccessABILITY located in Room HE1124 to secure necessary academic accommodations. For further information and assistance please call (212-772-4857)/ TTY (212-650-3230). **You must be registered with the Office of AccessABILITY to qualify for the accommodations.**

k. **Free tutoring is available to all GEOG 101 students.** The Skirball Science Learning Center/Silverstein Success Center, on the 7th floor of East Building, offers free tutoring. Check for their posted hours

l. **Hunter College Policy on Sexual Misconduct.** In compliance with the CUNY Policy on Sexual Misconduct, Hunter College affirms the prohibition of any sexual misconduct, which includes sexual violence, sexual harassment, and gender-based harassment retaliation against students, employees, or visitors, as well as certain intimate relationship. Students who have experienced any form of sexual violence on or off campus (including CUNY-sponsored trips and events) are entitled to the rights outlined in the Bill of Rights for Hunter College.

a. **Sexual Violence:** Students are strongly encouraged to immediately report the incident by calling 911, contacting NYPD Special Victims Division Hotline (646-610-7272) or their local police precinct, or contacting the College’s Public Safety Office (212-772-4444)

b. **All Other Forms of Sexual Misconduct:** Students are also encouraged to contact the College’s Title IX Campus Coordinator, Dean John Rose (jtrose@hunter.cuny.edu or 212-650-3262) or Colleen Barry (colleen.barry@hunter.cuny.edu or 212-772-4534) and seek complimentary services through the Counseling and Wellness Services Office, Room HE1123.

**The CUNY Policy on Sexual Misconduct Link is: http://www.cuny.edu/about/administration/offices/la/Policy-on-Sexual-Misconduct-12-1-14-with-links.pdf**

All class material, including study guides and atlas extra credit, are found on the course home page (NOT on BlackBoard): http://www.geo.hunter.cuny.edu/courses/cwpages.html.
# GEOG 10100 READING ASSIGNMENTS BY TOPIC

## INTRODUCTION LECTURE TOPICS

<table>
<thead>
<tr>
<th>Topic</th>
<th>Reading Assignments</th>
</tr>
</thead>
<tbody>
<tr>
<td>I. Introduction: What is Geography?</td>
<td>I. Text: Ch 1</td>
</tr>
<tr>
<td>II. Geographers' Tools</td>
<td>II. Same</td>
</tr>
</tbody>
</table>

***EXAM ONE will cover Topics I and II from Chapter 1 and the power point slides***

## PHYSICAL GEOG LECTURE TOPICS

<table>
<thead>
<tr>
<th>Topic</th>
<th>Reading Assignments</th>
</tr>
</thead>
<tbody>
<tr>
<td>III. Introduction to Physical Environment</td>
<td>III. Text: Ch. 2</td>
</tr>
<tr>
<td>IV. Earth-Sun Relationship</td>
<td>IV. Text: Ch. 2</td>
</tr>
<tr>
<td>V. Earth Systems: Oceans</td>
<td>V. Text, Ch. 2</td>
</tr>
<tr>
<td>VI. Earth Systems: Weather and Climate</td>
<td>VI. Text: Ch. 2</td>
</tr>
<tr>
<td>VII. Earth Systems: Landforms:</td>
<td>VII. Text: Ch. 3</td>
</tr>
<tr>
<td>VIII. Biosphere and Human Impact</td>
<td>VIII. Text: Ch. 4</td>
</tr>
<tr>
<td>IX. Earth Resources</td>
<td>IX. Text: Ch. 5</td>
</tr>
</tbody>
</table>

***EXAM TWO will cover Topics III-IX, Chapters 2, 3, 4, 5 and the power point slides***

## HUMAN GEOG LECTURE TOPICS

<table>
<thead>
<tr>
<th>Topic</th>
<th>Reading Assignments</th>
</tr>
</thead>
<tbody>
<tr>
<td>X. Introduction to Human Geography</td>
<td>X. Text: Ch. 6.</td>
</tr>
<tr>
<td>XI. Living on the Earth: Population</td>
<td>XI. Text: Ch. 6.</td>
</tr>
<tr>
<td>XII. Cultural Geography</td>
<td>XII. Text: Ch. 7 and 8</td>
</tr>
<tr>
<td>XIII. Economic Geography: Location Analysis and Development</td>
<td>XIII. Text: Chapter 9 and 12</td>
</tr>
<tr>
<td>XIV. Urban Geography</td>
<td>XIV. Text: Ch. 10</td>
</tr>
<tr>
<td>XV. Political Geography (not covered in class)</td>
<td>XV. Text: Ch. 11 (read Ch. 11 for exam)</td>
</tr>
</tbody>
</table>

**EXAM THREE (the Final) covers just Topics X-XV, Ch. 6-12 and the power point slides**

## CALENDAR for FALL 2019 GEOG 10100 section 01

This class meets on Mondays and Thursdays from 9:45 AM – 11 AM in Room 415HW. Exam dates and work submission deadlines are subject to change.

<table>
<thead>
<tr>
<th>Date</th>
<th>Event</th>
</tr>
</thead>
<tbody>
<tr>
<td>Thu. Aug. 29</td>
<td>First class meeting.</td>
</tr>
<tr>
<td>Mon. Sep. 02</td>
<td>No class. College closed.</td>
</tr>
<tr>
<td>Thu. Sep. 05</td>
<td>Monday schedule at CUNY. No change for us. We meet as usual.</td>
</tr>
<tr>
<td>Thu. Oct. 03</td>
<td>Tentative date of EXAM I.</td>
</tr>
<tr>
<td>WED. Oct. 16</td>
<td>Monday schedule at CUNY. We meet at our Monday time slot.</td>
</tr>
<tr>
<td>Thu. Oct. 17</td>
<td>This is a regular Thursday and we meet as usual.</td>
</tr>
<tr>
<td>Mon. Nov. 11</td>
<td>Tentative date of EXAM II</td>
</tr>
<tr>
<td>Thu. Nov. 14</td>
<td>Last day to submit required essays without lateness penalty. Last day to submit a proposal for another form of extra credit.</td>
</tr>
<tr>
<td>Thu. Nov. 28</td>
<td>No class. College closed</td>
</tr>
<tr>
<td>Thu. Dec. 12</td>
<td>Last class lecture meeting. Last day to submit extra credit essays. Last day to hand in a pre-approved form of extra credit.</td>
</tr>
<tr>
<td>Thu. Dec. 19</td>
<td>Exam III Final Exam from 11:30 AM-1:30 PM in Room 415 West. Note the later time. If needed, make appropriate arrangements in advance! Last day to hand in required essays; late penalty applies. NO extra credit accepted after Dec. 12.</td>
</tr>
</tbody>
</table>

**Do Not Make Travel Plans for the Final Exam Period!**
