Hunter College

Department of Geography and Environmental Science

GEOL 105 Introduction to Environmental Studies

Summer session 2, 2021

Instructor: Jingyu Wang

Online course: summer session II (5W2 7/13/21-8/16/21)

MOI: online synchronous

Time: M, T, W, Thu 12:00-1:53pm

Email: jingyuwang5@gmail.com

Course description:

This is an introduction to Environmental Science. This course focuses on environmental pollutions: water pollution, air pollution, soil pollution and solid waste pollution, topics of global environmental ecosystems, sustainability, food and agriculture, fossil fuel combustion, renewable energy, sea level rise, plastic in the ocean, pesticide and toxicology. Case studies are paired with lectures focused on environmental issues, for example: asthma in South Bronx, NYC drinking water quality, food desert in the Bronx, combined sewer overflow (CSO) impact on water pollution in the Harlem River, water pollution in NYC, polychlorinated biphenyls (PCBs) in the Hudson River and Stripped Bass consumption safety, reduce/reuse/recycle in NYC. Student will learn what is environmental science and environmental pollution and be able to use case studies to develop a final project.
Learning outcomes:
By the end of semester, you will be able to
Understand environment science, environmental ecosystems, environmental pollutions and sustainability.
Describe air pollution, water pollution, soil pollution, and solid waste pollutions in NYC and worldwide.
Understand NYC drinking water is world-renowned for its quality and why.
Understand major water pollution sources in NYC waterways.
Use case studies learned from class to develop an individual final project, including a final presentation and a final paper

Course format: This course will be taught as synchronous online course using Zoom and blackboard collaborate. I will teach synchronous on zoom. I will give case studies and have discussions in class. There will be writing assignments and discussion associated with case studies, and use case studies to develop a final presentation and write a final paper.

Required textbook:
Environmental Science working with the Earth by Tyler Miller, 16th edition.
Recommend readings:
New York Times, Tuesday Science Section.
https://www.nytimes.com/section/science
National Geographic Magazine
https://www.nationalgeographic.com/
NYC DEP
https://www1.nyc.gov/site/dep/water/drinking-water.page
US EPA
https://www.epa.gov/

Course grading:
Final presentation: 20%
Final paper: 20%
Class discussion: 10%
Midterm: 15%
Final: 15%
Case studies/labs: 20%

Hunter College Policy on Academic Integrity
Hunter College regards acts of academic dishonesty (e.g., plagiarism, cheating on examinations, obtaining unfair advantage, and falsification of records and official documents) as serious offenses against the values of intellectual honesty. The College is committed to enforcing the CUNY Policy on Academic Integrity and will pursue cases of academic dishonesty according to the Hunter College Academic Integrity
Procedures. Plagiarism, dishonesty, or cheating in any portion of the work required for this course will be punished to the full extent allowed according to Hunter College regulations. Academic dishonesty is simply not acceptable. Helping other students on use of the software is, however, encouraged.

ADA Policy

In compliance with the ADA and with Section 504 of the Rehabilitation Act, Hunter College is committed to ensuring educational access and accommodations for all its registered students. Hunter College’s students with disabilities and medical conditions are encouraged to register with the Office of AccessABILITY for assistance and accommodation. For information and appointment contact the Office of AccessABILITY located in Room E1214 or call (212) 772-4857 /or VRS (646) 755-3129. Special accommodations for persons with disabilities are provided upon request. Please see the instructor if you feel the need for them.

Hunter College Policy on Sexual Misconduct

In compliance with the CUNY Policy on Sexual Misconduct, Hunter College affirms the prohibition of any sexual misconduct, which includes sexual violence, sexual harassment, and gender-based harassment retaliation against students, employees, or visitors, as well as certain intimate relationship. Students who have experienced any form of sexual violence on or off campus (including CUNY-sponsored trips and events) are entitled to the rights outlined in the Bill of Rights for Hunter College.

a. Sexual Violence: Students are strongly encouraged to immediately report the incident by calling 911, contacting NYPD Special Victims
Division Hotline (646-610-7272) or their local police precinct, on contacting the College’s Public Safety Office (212-772-4444).

b. All Other Forms of Sexual Misconduct: Students are also encouraged to contact the College’s Title IX Campus Coordinator, Dean John Rose (jtrose@hunter.cuny.edu or 212-650-3262) of Colleen Barry (colleen.barry@hunter.cuny.edu or 212-772-4534) and seek complimentary services through the Counseling and Wellness Services Office, Hunter East 1123.
